Memorandum

To: BIA Task Force Leader, Jackpile-Paguate, EIS
From: EIS Coordinator, Erosional Site Stability
Subject: Aerial Photography of Jackpile-Paguate Mine

Confidential Claim Retracted

Authorized by: SC

Date: 8/24/81

As per our telephone conversation of August 27, 1981, this memo will confirm my request for use of aerial photos of the Jackpile-Paguate Mine. The photographs, exposed in the fall of 1980, are black and white prints at a scale of 1: 15,800. Coverage of the entire mine-site and vicinity is requested. The photographs will be used to further the analysis of reclamation plans for the Jackpile-Paguate EIS, a joint USGS-BIA Program.

Thank you.
